Frances Moneta and Carolyn Onusko modeled nursing uniforms that graced the wards of Elk Point Hospital in earlier days at the Hospital Reunion.

## Memories shared at hospital reunion

By VICKI BROOKER  
Review Staff

Close to 140 former and present staff and numerous husbands and guests packed Elk Point Seniors Recreation Centre on Saturday for the Elk Point Hospital Reunion, sharing memories, poring over photos and memorabilia, and even enjoying cookies from the same recipe 'Ma' Holliday used to bake treats for the staff on Thursdays, way back when.

Diana Anderson welcomed everyone to "a really whoppin' good time. This has been so excellent. We originally thought there would be 30 or 40 of us. This is incredible."

She and fellow organizers Amelia Bowen, Peggy Maas and Norma Berg "laughed and shared stories. That's how we got this going."

Coun. Bernice Capjack paid special tribute on behalf of the Mayor Parrish Tung and council, adding, "we know how important everyone is in health care. A reunion is a very special time, where you will make new memories that will live forever. It's lovely to see so many familiar faces."

"Wow - what a great crowd!" County Coun. Glen Ockerman enthused. "Doctors come and go over the years, and so does the dedicated nursing staff, but one thing that has remained constant is the quality of care. Take this time to celebrate yourselves. It is the people, not the building that makes a difference."

The Hon. Ray Danyluk, whose mother

Rose was among the former staff on hand, said the day "will bring twinkles and tears to people's eyes, but you will all bring memories. This is an opportunity many people thought they'd never have."

Danyluk, whose clearest memory of the hospital was "getting my tonsils out - they promised me store-bought ice cream," told the reunited staff, "you have made such a difference to this community, with your care." A handmade wooden box, crafted by Dave Shankowski, and donated by Danyluk "to keep your memories of today," was later won by Florence Demchuk.

One feature of the reunion was a thick book of memories and photos that "wouldn't have happened if Myrna Fox hadn't taken charge," Anderson said. Violet McFadyen, Christ McFadyen, Amelia Bowen, Peggy Maas and Carolyn Onusko all helped in its production.

Another very special production was a power point history compiled by Gwen Morris, showing many faces and places from long ago as they worked and played.

Anderson introduced those who worked in each department of the hospital, from nursing to maintenance, and reminisced about sharpening hypodermic needles, "Buzzy" Pelechovsky, who Anderson said "found jobs for anyone who wasn't doing anything," doctors who took very good histories and nurses who did very good assessments.

## Big boost for Allied Arts Centre

By VICKI BROOKER  
Review Staff

Elk Point Regional Allied Arts Society got a \$15,000 boost for their Allied Arts Centre from Canadian Natural Resources Limited last week. Carrie Rawlake and Dennis Holthe make the presentation to Allied Arts president Don Conrad and secretary Deanna Easthope.

"They've got the stage in," Conrad reported. "The kitchen will be framed and roughed in, to be finished when we have

enough money. The object is to make the building functional, then we'll deal with the esthetics."

All the sub-trades are hard at work on the renovations, under the direction of a project manager Easthope says is "just excellent."

The project is progressing so well that, "they're telling us (the facility will be usable by) the end of October," Conrad said "We're getting booking requests already."

# County turns to government to clarify voter eligibility

By JANICE HUSER  
Journal Staff

The County of St. Paul has decided to proceed with writing a letter to the provincial department of Municipal Affairs regarding voter eligibility and the County's recent court case that found only a handful of contested voters to be ineligible.

Council is looking for clarification regarding voter eligibility, and is also seeking financial assistance to help offset associated court costs, "as our case will impact all Albertans," according to the County of St. Paul's last council meeting agenda.

"I think it's imperative that we do this," said Coun. Cliff Martin at the June 17 meeting. He explained that he continues to receive a number of phone calls from residents asking if they are eligible to vote, but he "can't give them an honest answer."

Bouchard also stated that he felt council should encourage Municipal Affairs to clarify voter eligibility, and also address the issue of consequences for people who are ineligible to vote, but do so anyway.

Coun. Glen Ockerman then made a motion to proceed with writing a letter to Municipal Affairs, which council approved.

## MSI Funding distributed

A variety of groups and organizations will benefit from the Municipal Sustainability Initiative (MSI) funding received by the County of St. Paul from the provincial government.

Council passed a motion to accept a list of expenditures. The money will be targeted to a variety of groups, including golf courses, the Elk Point Fire Hall, community halls, and a number of other projects.

The Elk Point Fire Hall will receive the largest chunk of funding, with \$600,000 directed its way. Community halls will also receive an increase in funding from previous years, although allocation of the funding has yet to be decided.

An emergency fund of \$67,182 has also been set aside for local halls.

The County shop roof will be given \$200,000 for repairs, and funding will also be directed at upgrading some infrastructure.

The St. Paul and Elk Point golf courses, which both previously approached the County for funding to help with renovations, will also be given a piece of the pie. The St. Paul golf course will receive \$50,000, while the Elk Point golf course will receive \$30,000.

In 2007, the Government of Alberta announced the MSI funds, giving flexibility to municipalities to choose where to direct the money.

## Damage to reserve lands

Portions of a number of Municipal Reserve and Environment Reserve land has been damaged throughout the County of St. Paul.

One specific piece of land near Lac Sante was damaged by a nearby landowner who cleared a portion of municipal reserve land about the size of a football field, to enhance the lots he owns close by.

"He just went in and did it," said CAO for the County, Kim Heyman. The landowner did not go through the proper methods to verify if he could in fact make any changes to the land, said Heyman.

A number of other pieces of land have been damaged, including some Environment Reserves, which are meant to be left in their natural state. ATVs often force trails near lakes, and infringe onto those reserve lands. The County of St. Paul has put up some posts, and plans to put up yet more posts to stop the problem.

## Ultra Marathon

A 100 km and 100 mile marathon race, which is set to take place throughout the County of St. Paul, is in the process of being organized, according to a delegation heard by council last week.

Anna Leskiw, one of the organizers, approached County council to seek support before further proceeding with plans for the event.

"We want the County's approval to go through with this," said Leskiw, who has already received support from the Town of St. Paul.

The race is an "adventure race," explained Leskiw, adding organizers are deciding on a challenging trail. The trail would run from St. Paul toward Elk Point, and beyond.

Leskiw also asked questions regarding the clearing of trails, and the use of campsites. Heyman told Leskiw that once the trail is mapped out, the County would be able to better assist organizers.

## Public Notice

### Pengrowth Corporation

Environmental Protection and Enhancement Act

Notice of Application

Renewal of an Existing In-Situ Heavy Oil Processing Plant

In accordance with the Environmental Protection and Enhancement Act, Pengrowth Corporation has applied to Alberta Environment for a renewal of an existing approval to redevelop the Lindbergh site and operate a SAGD Pilot Project. The Central Processing Facility (CPF) is located in LSD 7 of Section 13 Township 58 Range 5 and West of the 4th Meridian (approximately 30 km southeast of Bonnyville and approximately 18 km north of Lindbergh). The capacity of the Lindbergh SAGD Pilot Project will be approximately 400 m3 per day (2,500 barrels per day) of bitumen.

Pursuant to section 73 of the Environmental Protection and Enhancement Act, any person who is directly affected by this operation may submit a written statement of concern regarding this application. Failure to file a statement of concern may affect the right to file a Notice of Appeal with the Environmental Appeals Board. Such a statement of concern must be submitted to:

Director of Northern Region  
Alberta Environment  
Regulatory Approvals Centre  
9th Floor, 9820 - 106 Street  
Edmonton, Alberta T5K 2J6  
Fax (780) 422-0154

within 45 days of the date of this notice. Please quote the Application No. 004-1581 when submitting a statement of concern in regards to the Environmental Protection and Enhancement Act application.

**NOTE: Any statement filed regarding this application are public records which are accessible by the public.**

Copies of the application and additional information can be obtained from:

Pengrowth Corporation  
Attention: Richard Englehardt  
2100, 222 Third Avenue S.W.  
Calgary, Alberta T2P 0B4  
Tel. (403) 508-3554 Fax (403) 508-3563

**Please ensure the above suggested information relating to the description of your application is correct. Errors may result in the requirements to readvertise the Public Notice.**

# Travis Pankiw to headline July 1 stage show

By VICKI BROOKER  
Review Staff

Young singer and songwriter Travis Pankiw thrilled the crowds at Elk Point's Canada Day stage show in 1992, 1994 and 1995 with his growing talent. With 16 years experience under his guitar strings since that 1992 debut, he's the lead vocalist of Joshua's Habit, an increasingly popular rock band that won the \$100,000 Vibe 95.5 Star Search at "Cowboys" in Calgary last week and is slated to perform on the Coke Stage at the Calgary Stampede.

Pankiw and "The Habit" have traveled across Canada, including stops in Elk Point, playing their original, high-energy mixture of classic and modern rock, and have several albums to their credit.

This time, Pankiw has given the band a July 1 holiday and will be in Elk Point solo to entertain his home town fans as headliner of the Canada Day stage show.

Joining Pankiw on the stage show program will be the Heritage Lodge Bad Actors with their first public performance, Bob and Emily Thompson and a Filipino dance group, with other acts still to be confirmed.

The children's activities will once again be held on the outdoor skating rink during the stage show.

## Nice surprise

Canada Day Committee secretary-treasurer Deanna Easthope has a nice surprise for the committee at their final planning meeting last week. That day's mail had included a \$1,500 cheque from the Government of Canada's Heritage division toward the celebration, which she says is the largest grant Elk Point has ever received for the annual celebration.

"It will certainly help with our budget," she noted.

Another major donation came from Canadian Natural Resources Limited, who contributed \$1,000 toward the day-long event.

## Noon Friday deadline for yard registration

Prizes for the Canada Day Yard Decorating Contest will also be presented during the stage show. The yards will be judged the previous evening, and Elk Point residents have until noon Friday, June 27, to register their yards by calling the Elk Point Review at 724-4087. Competing yards will be marked with large, cheerful flower-shaped stakes and contest organizer Sylvia Boothman hopes garden enthusiasts will drive around town to admire the decorated yards.

## Canada Day competitions

The Canada Day parade has categories for businesses,

special interest groups, children's clubs and organizations, adult clubs and organizations and of course, the Canada Day theme, "Celebrate Canada," with cash prizes and ribbons for the top three entries in each category.

Roger Smith reported that he will be offering a \$1,000 first prize in the Strong Man Contest, donated by SR Rentals and Oilfield Services. The contest, starting right after the stage show, will again be held on the street between the Review and TD Canada Trust, and Smith says he expects a good turnout of both competitors and viewers again this year.

The Farm Survival Challenge is another crowd-pleaser, and organizers Laverne Wilson and Dave Pilisko assured the committee they have some new events for everyone to try.

## EDITORIAL

# Stay safe this summer

Summer's here, and school will be out in three more sleeps. Everyone is eager to get out and enjoy the warm weather, the freedom from routine, the adventures that vacation time always brings. Farmers are watching their hayfields and crops, with an eye to the coming harvest.

Whether your summer will bring work or play, make sure to stay safe. If you're working, remember to observe all the safety precautions involved with use of your machinery. Wear a mask and protective gear for spraying, make sure guards are in place and don't take risks to save time. Recovering from a mishap takes far more time than taking a few extra minutes to do the job safely.

If you're playing, remember that operating a boat or ATV while impaired is every bit as dangerous and illegal as if you were driving a car or truck. Don't get in a boat unless you're wearing a life jacket, or on a bike, motorcycle or ATV without a helmet.

If you're vacationing, don't drive when you're tired, and watch your speed. If heavy traffic makes you nervous, get away from the fast lane and see more of Alberta from the secondary highways. The little extra time it takes is worth it. Have a great summer.

## Way Back When...

# Safe Grads, street lights, Iron Horse

HERE'S THE NEWS THAT MADE THE HEADLINES OF THE LAKELAND REVIEW AND THE ELK POINT REVIEW FOR THE WEEK OF JUNE 24 IN...

### 1988

Men At Work and the women who worked equally hard won the 'A' side of the second annual Jan Frisby Memorial Slowpitch Tournament, winning over the Hilltop Hawks, the 'B' side going to the Vermilion Dustbusters, who won over the Elk Point Raiders/Relics. Both F. G. Miller and Heinsburg High School grad classes were successful in obtaining their Safe Grad awards, presented by RCMP Sgt. Bruce Best.

### 1993

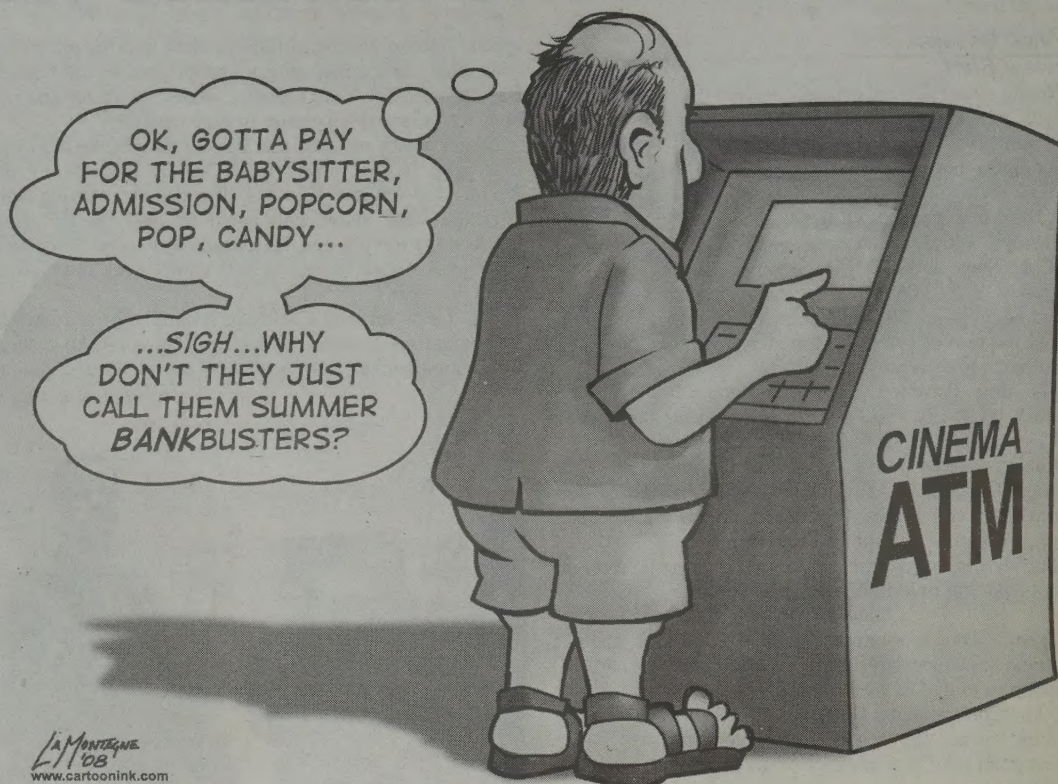

Elk Point's mill rate was tabled to a special meeting after lengthy debate, following the lost of \$153,000 assessment on local schools, an increase in school requisitions and a decrease in interest stabilization, which could cause a significant increase for Elk Point ratepayers. All 124 street lights in Elk Point were now changed over from mercury vapour to the more energy efficient high pressure sodium variety.

### 1998

The former CN Railway right-of-way, purchased by the County of St. Paul with the intention of using it as a linear park, has been dubbed "the Iron Horse Trail" by a group of Elk Point Historical Society members and other individuals interested in protecting and developing it as a recreational asset to the communities along its length. Elk Point chamber of commerce searched for the hidden talents of its members during a community capacity building session facilitated by Jim MacLellan, who confessed to an ability to play the bagpipes.

### 2003

Around \$3,600 in prizes were handed out to F. G. Miller students who achieved "Above the Limit," as another school year came close to the end. Alberta Job Corps workers hauled loads of peeled logs at Fort George and Buckingham House, where they would become palisade gates and corners during the summer's site enhancement project.

## GUEST COLUMN

# Canadian moments

Now that July 1st, Canada Day is next Tuesday, are you all ready to celebrate? The big question is: How will you be celebrating? Of course, if you are staying in Elk Point, we hope your choice is to take part in all the activities in the town of Elk Point.

Meanwhile, to help you get in the mood to celebrate with some Canadian food, I found a recipe by Ruth Lowen of Hythe, Alberta. Since we all know where maple syrup comes from in Canada, this recipe just might help you enjoy some Canadian Moments.

deanna  
**EASTHOPE**  
from the FCSS desk

### MAPLE BARBECUED CHICKEN

(This tender glazed chicken is so delicious, it will disappear very quickly. The sweet maple sauce is used to baste the chicken while grilling, with additional sauce served on the side for dipping.)

- 3/4 cup (180 ml) barbecue sauce
- 3/4 cup (180 ml) maple pancake syrup
- 1/2 tsp (2.5 ml) salt
- 1/2 tsp (2.5 ml) maple flavouring
- 8 boneless skinless chicken breast halves (2 lbs - 1 kilo)

In a bowl, combine the first four ingredients; mix well. Remove 3/4 cup (180 ml) to a small bowl for serving; cover and refrigerate. Grill chicken, uncovered, over medium heat for 3 minutes on each side. Grill 6-8 minutes longer or until juices run clear, basting with remaining sauce and turning occasionally. Serve with reserve sauce. Yield: 8 servings.

The Elk Point Review publishes a variety of opinions as a contribution to debate on matters of public concern. Unsigned editorials express the view of this newspaper's editorial board which includes the Publisher and the Editor. Signed pieces express the view of the individual writer.

Speaking of maple syrup recipes, did you know that Quebec City is celebrating 400 years. As a matter of fact they are celebrating all year and they started New Years Day this year.

Founded in 1608 by Samuel de Champlain, Quebec City is a spectacular city with a commanding view of the mighty St. Lawrence River. From the quietly romantic to the overtly festive, Quebec City is alive with activities all year round in 2008.

Quebec's scenic vistas give way to an atmosphere of romance as you explore the narrow streets of Old Quebec's historic district, a UNESCO World Heritage Site. Some can be drawn to the European ambience of Place-Royale in Quebec's Basse-Ville (Lower Town). Champlain's first dwelling was built here, where today you'll find the Notre-Dame-des-Victoires church. Bordered by stone houses dating back to the 17th and 18th centuries, the locale will give you the impression of traveling back in time to a small village in France.

Old Quebec's Haute-Ville (Upper Town) has its own breathtaking vantage points. Encompassing the Citadel and the imposing Chateau Frontenac, the city's profile is a wonder to behold. In the distance, you can discern Ile d'Orleans and the outline of the Laurentian Mountains.

Throughout this year many celebration activities are unfolding. In summer a party atmosphere is in the air and the Plains of Abraham are filled with festival goers reveling in the exciting sounds of internationally renowned artists. With its many cafes, terraces and bars, the Grande-Allee is a destination of choice for visitors and locals alike. So there you go.

Yes, Canada has a place that has a 400-year-old history and that place is Quebec City and they are celebrating. So, if you are unable to visit Quebec City in 2008, try the Maple Barbecued Chicken recipe and say "Happy Birthday, Quebec City" as one of your Canadian Moments.

# Bad weekend at the office for Sox

Sometimes you should just roll over and stay in bed, and maybe that's what the Sox should have done Saturday morning in St. Paul against Sherwood Park. You may say it was a very bad day at the office, or at least for the first few innings, the infield committing five errors in the first two innings. The Sox, burning up a couple pitchers by this time, would find themselves down by seven runs early. But it wasn't all bad. "Big Pappy" Levi Bull blasting a two run shot well over the wall at centre field, 342 feet plus in

doug  
**BASSETT**

Review Sports

the third inning picked up the boys' sprits, then going to the small ball game strategy, they bunted and sacrificed and clawed their way back into the game, a few more runs each inning, until the top of the seventh the game was tied at 7- all. Now, after all this you would think they deserved to win this one, but guess what, all that hard work

only to lose in the bottom of the seven by one run with two out. Like I said, sometimes you should just stay in bed!

Saturday night the fielding was 100% better, but the bats just couldn't catch up to one of the top pitcher in the league from Grande Prairie, a guy who has pitched a few shut out games this year, the final in this one 5 to 1 for G. P.

Sunday morning the boys were up and ready to play, taking on the Warriors, the team who had embarrassed them a few weeks ago, but not on this day, the Sox winning 11 to 2, rookie

pitcher and MVP of the game, Evan Joly getting 11 Ks, shutting down the Warriors, the Sox bats and base running doing the rest. Brett Romanovich pounded two doubles driving in two, Mike "Dontrell" Desjarlais going four for four at the plate, hitting four singles and picking up two RBI's.

On to Sunday night, another tough game for the Sox against another tough pitcher from St. Albert. By this time the boys were almost powered out, playing five games in three days was starting to take its toll. The MVP in this one, Mike "Dontrell" Desjarlais on the hill for the Sox would get the boys into the fifth inning, the score 1-0 for St. Albert at this point, the Sox totally exhausted their pitching by now, bringing up a bantam from the farm to close in this one. Dylan Berg coming out of the bullpen did remarkably well in his first outing, picking up a couple of Ks, but unfortunately the tired crew were unable to battle back in this one.

Tonight the boys will travel to Vegreville for the final game before taking a break for grad and the long weekend.

And now for the K.A. Campbell quote of the week. "Life will always

throw you curves. Just keep fouling them off. The right pitch will come, and when it does, be prepared to run the bases."

Last week's answer to: "No matter how good you are, you're going to lose one third of your games. No

matter how bad you are, you're going to win one third of your games. It's the other third that makes the difference." - Tommy Lasorda.

Got any scoops? Please e-mail them to sportshound -007@hotmail.com

Doug Bassett photo

"Big Pappy" Levi Bull brought in two Sox runs with a long homer over centre field in the Saturday morning game in St. Paul.

## Canada Day fun for all

((Continued from Page 3))

"We're trying to diversify," Pilisko said, adding that UFA is once again a major sponsor.

The Canada Day Idol is a new addition to the program, and organizer Dee Pankiw said she had 12 confirmed contestants as well as a number of other entry forms yet to come in.

### On display

A collection of art by the late Ralph Kryvenchuk will be highlighted at the Art Show in the Elks Hall basement, 2 to 4 p.m. A number of other local artists and artisans, including students from local schools, will also be displaying their creations.

Those who saw Ray Hellquist's collection of one-room school memorabilia last Canada Day weekend, and those who

missed that opportunity will have another chance this year, with the material to be displayed in the arena's Horizon Room from noon to 3 p.m.

### Time to eat

Food will be a big part of the celebration, starting with the annual Chamber of Commerce Canada Day breakfast, which will once again include musical entertainment. After the parade, the Elk Point Skating Club will open their concession booth in the arena and the Christian Community Church will be slicing and scooping up dessert in their pie tent. The ladies of the Royal Purple will serve up their Canada Day cake during the stage show, and to wind up the day, the Elks will be serving their beef-on-a-bun supper at the hall.

## What you need to know about

# Alberta's Mandatory Ignition Interlock Program

Effective July 1, 2008, Alberta's Mandatory Ignition Interlock Program will come into effect for Alberta drivers who have:

- Been convicted of drinking and driving with a blood-alcohol reading of double the legal limit or higher.
- Refused to provide a breath or blood sample.
- Been a repeat offender during the preceding 10-year period.

After serving the prohibition period, drivers must apply to the Alberta Transportation Safety Board to have an ignition interlock device installed in their vehicle of choice at their own expense.

The ignition interlock is an alcohol-sensing device attached to a vehicle's ignition system. When alcohol is detected the driver will not be able to start or drive the vehicle. The device also calls for random breath samples. Reinstatement or unrestricted driving privileges at the end of six months depends on the participant's performance in the Program.

The Mandatory Ignition Interlock Program is part of the Alberta Government's commitment to increase safety on our roads and decrease drinking-and-driving incidences.

For more information on this Program, visit [www.infratrans.gov.ab.ca](http://www.infratrans.gov.ab.ca), scroll down and click on the Alberta Transportation Safety Board icon. To call toll-free, dial 310-0000, then 780-427-7178 or 403-297-3466.

Alberta's

# Iron Horse Trail

**We want you to be a  
WINNER!**

Watch for our trailer at major local events this summer. Put your name in the draw to win great merchandise donated by our local dealer, or enter at [www.ironhorsetrail.ca](http://www.ironhorsetrail.ca).

The Elk Point Review encourages all trail users to **Stay Safe and Stay in Control.**

The right attitude and patience goes a long way to keeping you, your family and friends safe on the trail. RCMP remind trail users to **Know the Law** and abide by the Off Highway Vehicle Regulations and the Municipal Bylaws. Have a safe and fun summer on the trail!

Riverland Recreational Trail Society invites you to make the most of your trail experience by following Alberta's Iron Horse **Trail Etiquette**. For safety's sake, slow down to walking speed when passing other trail users. Trail etiquette is posted at each of the staging areas.

Dealers encourage trail users to **Stay on the Trail!**  
Respect adjacent landowners and the environment.

# Peewees, mites wind up

By DOUG BASSETT  
Review Sports

The first day of summer and the weather was hot, and the Peewee girls were hot as well, hot as a firecracker you might say. Burning up the league, they capped off the season undefeated after hosting the league final on Saturday, winning their first two games in the round robin over Cold Lake and Pierceland sending them to the championship game against St. Paul. And what an awesome game the A final was, an unreal pitching duel between Taylor Cochrane of Elk Point and Brelyn Mistol of St. Paul.

The Elk Point girls would score three runs in the first inning with some great base running, then pick up one more later in the game the final score 4 to 1, the Elk Point girls bring home the hardware and the huge celebration would last for two days, carrying over to the next day when they held their wind up party. Great job girls on an excellent season and congratulations on an excellent job by the coaches Murray Cochrane and Dailene Maennchen.

The Mites girls also had a good final week, winning their game against St. Paul #2 on Monday, June 16. On Sunday, June 22 they hosted their windup weekend, playing three games and winning one, but all three games were very close with everyone playing their best.

Mona Bristow photos

Mites girls with coach Kathy Foster and their medals; missing from picture is Tamelle Pilisko.

Energy is in high demand. Get your hands on a career to match.

Through our Distance Education programs at the MacPhail School of Energy, you'll get 'hands-on' technical knowledge to get a career in the high-demand energy industry – anywhere, anytime.

## Power Engineering

Learn the skills needed to safely operate and maintain high-pressure boilers and power generating equipment, heating, ventilation, air conditioning systems, diesel engines, compressors and motors, as well as associated control systems. Power Engineering programs range from Fifth Class up to and including First Class.

## Upstream Petroleum Industry Certificate

Join the only polytechnic that offers Upstream Petroleum Industry certificate. You'll get an overview of the upstream sector of the petroleum industry along with the basics of geology, drilling, well evaluations, completions and production operations.

For more information, visit [sait.ca](http://sait.ca) or phone 403.284.8451

# WANTED

## Used Agricultural Plastics

Used ag plastics can be recycled into new twine, film and other materials. Be part of this free program and recycle your used ag plastics this spring. Please keep plastic material as clean and dry as possible. Excess contaminants make recycling impossible, water adds to transportation cost.

### Collect Ag Plastics Separately

- **Twine:** Free collection bags are available, or use unwanted mini-bulk bags
- **Net-Wrap:** Free collection bags are available, or use unwanted mini-bulk bags
- **IMPORTANT:** Twine and Net-Wrap must be kept separate (different plastic resins)
- **Plastic Film (silage cover, bale wrap, grain bags):**  
Please bundle and tie unless other arrangements are made

### Bring Your Used Ag Plastics to the Following Sites During Regular Operational Hours:

- \* Regional Landfill Site – Lafond \*
- \* Mallaig Transfer Station \*
- \* Smoky Lake Transfer Station \*
- \* Elk Point Transfer Station \*
- \* Spedden Transfer Station\*

Pilot Program Date: May 15 to June 30, 2008

# "A little bit of everything" at new gift shop

By VICKI BROOKER

Review Staff

Elk Point's newest entrepreneurs, Brenda Poitras and Sue Cleland, hosted the grand opening of "Trinkets and Treasures" last Friday, introducing a charming mix of new and old to the community.

Selected antiques from Kuhn's Collectibles are showcased among "a little bit of everything," Poitras says.

"Everything" ranges from wrought iron accessories for indoors and out to Jerry Daniels native art prints, African masks to

hand-painted feathers by Doreen Poitras, western and wildlife accessories to baby gifts. Two frogs cuddle on a garden swing holding a pair of rain gauges, a cookie jar cow smiles benevolently at a pair of cavorting calf salt and pepper shakers, reclining clowns hold long sticks of incense and brilliant stained glass hummingbirds hover over copper bird feeders in the eclectic collection displayed by owners with very different tastes.

The new shop is located at the corner of 50th Ave. and 49 St.

Vicki Brooker photo

Brenda Poitras shows off cute cookie jars and serving ware, just part of the wide range of "Trinkets and Treasures" in Elk Point's newest business.

## Trip of the Month

Elk Point Community Lions have announced their Trip of the Month winners for May.

They are: Sheila Nelson of Elk Point winning trip to Palm Springs, California; \$100 going to Nicole Leroux of St Paul and \$100 won by Mike and Lana MacDonald of Elk Point.

A hardworking crew is currently setting the stage for future entertainment at the Elk Point Allied Arts Centre, with the stage and its surrounding walls in place and stacks of drywall awaiting installation.

### THANK YOU

#### KUMMETZ, Teresa

The family of the late Teresa Kummertz would like to thank everyone for their support and condolences during the loss of my wife, mother, grandmother and great-grandmother. Thank you to everyone for the flowers, cards, food trays, fruit baskets and who made a charitable donation.

A special thank you to Dr. Oyebo and the staff of the Elk Point Health Centre. Your compassion and care was greatly appreciated.

Thank you to Reverend Sam Donaldson for a beautiful service.

To the staff of Yewchin's Funeral Chapel, thank you for your guidance through this difficult time.

#### HIPPE, Irene

May 5, 1922-May 16, 2008

Thank you to our friends and family for your warm condolences to us on the passing of our Mom, Grandmother and Great-grandmother, Irene Hippe.

Your gestures of kindness will be remembered and have comforted us. There were no strangers in her life, only friends she had not met yet.

# County notes

Continued from Page 2

Sloan made a motion to support the race, in principle. The motion was carried.

## Medical Centre

Progress continues to be made regarding a proposed Community Medical Professional Centre in St. Paul.

Doug Lamb of the Chamber of Commerce outlined plans for a new 20,000 to 30,000 square foot facility to be created in St. Paul. He also asked the County to support hiring a consulting firm to assess the project.

"I think we need it," said Coun. Frank Sloan of the project, adding the centre would attract more doctors to the area. Sloan made a motion to contribute \$18,750 to hire a consultant, which council approved.

## Horseshoe Bay

The County of St. Paul and the Summer Village of Horseshoe Bay are in the midst of discussing a Transfer Station Joint Use and Operation Agreement. Gary Burns, the mayor of the village, took time to discuss his concerns with council last week.

The two sides discussed the fact that county residents were currently using garbage bins at the village, while village residents were using bins within the county, among other issues that needed to be addressed.

## Oiling of road

A group of Lac Bellevue cabin owners who requested that the length of the road leading to their cabins be oiled will have to wait.

Representatives of the Lac Bellevue Cabin Owners Association met with council to discuss dust control issues in the area.

"There is a tremendous amount of traffic," explained Laurie Dunnigan, one of the cabin owners. After dis-

cussing the issue, Coun. Maxine Fodness told the landowners that a portion of the road in question is in fact in her three-year plan, which is pending council's approval.

## Speed bumps

A ratepayer has recently notified the County about a concern regarding vehicles racing up and down the main street in Ashmont. Council heard that the ratepayer would like to see speed bumps installed.

The issue will be sent to the Public Works department.

## Donations

As per policy, the Lakeland Panthers Pee Wee Girls softball team will receive \$200 to offset costs associated with travelling to provincials in July.

The Stoney Lake Community Hall also received a donation, as per policy, for their annual picnic, which was held on June 13.

Council also agreed to donate 100 yards of gravel to the annual Haying in the 30s event held in Mallaig, the first weekend in August.

Violet McFadyen (centre) and her daughter-in-law Chris enjoyed looking at the completed history books they helped to produce for the Hospital Reunion.

Former co-workers who posed for a reunion photo with Marguerite Friesen of Parkview Extended Care (centre) were (left to right) Jackie Whiffen-Peters, Helene Brodbin, Sandra Oster and Susan Slaght

Eleanor Cousineau looks at the wealth of photos, albums and clippings that chronicled life at Elk Point Hospital over the years.

Together again, Debbie Lawrence, Mathilda Morrison-Furger and Gwen Morris came out of retirement to entertain with their songs (above)

Linda Fitz received Murphy the Moose as a farewell gift when she left Elk Point Hospital, and has shared many travels with her faithful friend since then.

Vicki Brooker photos

## Memories shared at hospital reunion

Continued from Page 1

"It's a miracle how we got everything done. We had 51 beds, and there were 60 patients all the time. We delivered 400 or 500 babies a year, and everybody survived and was well taken care of."

Mustard plasters and Dr. F. G. Miller's mysterious '1-2-3 mixture' were part of "a legacy we can be proud

of. People came from all over for treatment because we had the best doctors and a caring and friendly staff.

A traveling microphone was passed around for those who wished to share their memories at Elk Point Hospital, giving insight into the way things were in the lab, administration, kitchen and wards in years gone by.

A number of visitors

took the opportunity to go on a tour of the present health care facility before returning to the hall for more stories, entertainment by Debbie Lawrence, Mathilda Morrison-Furger and Gwen Morris, and dinner, with plenty of time for reminiscing and renewing acquaintance with old friends.

**HI-WAY SERVICE**

Hi-Way Service and Hammer Equipment Sales are divisions of Rocky Mountain Dealerships.

### GET BIG MACHINE PERFORMANCE

**Product Support Anywhere in Alberta!**

**CASE COMPACT TRACK LOADERS**

Get big-machine durability and low maintenance costs with Case Compact Track Loaders. Featuring proven Case undercarriage technology, these mini brutes deliver long component life, a comfortable ride and rigid-mount simplicity. Permanently sealed rollers and idlers assure reliable performance. Tapered track frames stay cleaner. Triple flange rollers minimize wear and prevent de-tracking. From the heavy-duty chassis to the long lasting radial piston-drive motor, these compacts give you a whole lot of loader.
